THE FISHING REPORT

The Specks are still biting! Large catches were taken in the canal north of Slim's in Stein's Canal, and in Pelican Bay. Most fishermen are using minnows or No. 10 jigs on a cane pole.

Bass fishing has also picked up around the pepper grass areas of pelican Bay as well as in the pepper grass flats along the South Shore, and near Grassy Island.

Mr. and Mrs. Solie Corbin and grandson Chuck, Belle Glade, caught 63 on Thursday and 78 on Friday.

Sherry Dray, Belle Glade spent his birthday fishing with his son H. V. Dray on Saturday, and came in with a near limit catch.

Dan May, Belle Glade, had limit catches on Monday, Tuesday and Wednesday.

Mr. and Mrs. Roscoe Leggs, Belle Glade, and Mr. and Mrs. Claude Herschenhan, West Palm Beach, brought in near limit catches on Sunday.

Jimmie Taylor, Belle Glade, took a 7 1/2 pound Bass on Wednesday using artificial bait.

George and Jane Ives, West Palm Beach, had 12 bass on Saturday and 5 bass on Monday. Two of these 17 bass went 8 pounds and 7 pounds each. The Ives' are spending a two week vacation at the Belle Glade Marina after which Mr. Ives will return to his job with the West Palm Beach Post Office where he would be just a little boasting.

There were many, many more limit or near limit catches brought in over the weekend, limited space prevents listing everyone.

The wind which caused a few fishermen to have doubts on Sunday has subsided now and "Good Fishing Ahead" is the forecast for this weekend.

THOUGHT OF THE WEEK

The things that were hardest to hear are sweetest to remember.—Seneca

SENSING THE NEWS

By Thurman Sensing

EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

Internal Security: Time To Act

In this era of cold war, in which Communism is waging a war of propaganda, subversion and clandestine operations against the United States, the American people have a right to know the truth about the internal security of the United States. Those who wage war against the United States from within have to be handled with as effective means as U.S. armed forces use against Communist troops in the field.

Unfortunately, there are huge gaps in the nation's internal security. In recent years, the U.S. Supreme Court has invalidated much of the legislation enacted in the 1940s to give the American people protection against their enemies. The Warren Court thus has left this nation cruelly exposed to manipulation by the hate-American elements operating inside the country.

At long last, a comprehensive effort is under way to plug the gaps in America's internal security system. Sen. James O. Eastland (D-Miss.), with strong bipartisan support, has introduced a proposed new Internal Security Act of 1968. It is outstanding legislation and, if enacted, should give the country the best protection against the internal adversaries of the United States.

Sen. Eastland has pointed out that "any person who owes allegiance to the U.S. and yet gives aid or comfort knowingly or willfully, to the Viet Cong or to North Vietnam or to any other nation or armed group engaged in open hostilities against the United States, hostilities in which American boys are fighting and dying, certainly should be punished. But the Senator also pointed out that "so long as we remain in a state of cold war, where the constitutional crime of treason is virtually impossible to commit, there will be no way to reach persons who aid or would aid adversaries of the United States."

The proposed Internal Security Act of 1968 should cover this situation. Among the excellent and necessary features of the bill are provisions against the forcing, violent overthrow of government.

The bill also would extend the statute of limitations in cases of treason, espionage, sabotage, sedition and subversion activities. Moreover, the bill would make it a criminal offense to commit acts which are committed in wartime, would constitute treason under the Constitution.

This new offense would be defined as giving aid or comfort to an adversary of the United States by an overt act performed by a person owing allegiance to the United States. The term "adversary" would be specifically defined to mean

any foreign nation or armed group which is engaged in open hostilities against the United States or with which the armed forces of America are engaged in open hostilities. If the United States had such a law at the present time, it would provide a means of dealing effectively with North Vietnam's allies inside the U.S.A. Hanoi has true war partners in the U.S. persons such as those who have collected blood to send to the Viet Cong, who have tried to halt troop trains in California, and who have demonstrated outside plants engaged in the manufacture of war materiel needed by U.S. soldiers in Vietnam.

Sen. Eastland hopes that the proposed new Internal Security Act will have a speedy passage through Congress. Indeed it should, for this is a vital war measure. It is not enough to fight the Communists in Asia; the Communists and their fellow-travelers on the domestic scene also are a menace to the freedom of the American people.

The public can be sure, however, that the Communist Party, U.S.A., the New Left and all the hard-core radical groups trying to help defeat the U.S. in Vietnam will coordinate their plans and propaganda to try to defeat Sen. Eastland's bill. It is imperative, therefore, that loyal Americans let Congress and the President know that they support the objectives of the proposed Internal Security Act. A flood of letters and telegrams to members of Congress and to the White House would counteract the predictable leftwing campaign and help speed enactment of this legislation.

Unquestionably, enactment of the Internal Security Act of

1968 is one of the most important legislative tasks of the month ahead. The young Americans who are fighting the Communists in Vietnam should have protection against a Communist-inspired stab-in-the-back at home. The best way to fight the leftist war from within, which undercuts the U.S. servicemen's brave efforts, is to get the Internal Security Act of 1968 through Congress and signed by the President.

Local Business

"Annoyance Factor" is a new term which has entered the language of advertising men. Some of the advertising agencies have come to the conclusion that advertising is usually complaining because the advertising breaks into a television or radio program. People also are irritated by junk mail and circulars which come uninvited into a home.

The conclusion seems to be very reasonable and logical. It is remarkable that the bright boys who prepare national advertising have not reached this simple deduction long ago. The public is very much aware of the annoyance factor.

This newspapers and magazines which are voluntarily purchased by the public should be read with a minimum of annoyance. Since printed advertising may be entirely ignored, it suffers little or no annoyance loss.

THE VERY WINDY SEASON

Too Late to Classify

A medical man who has chosen Florida for retirement after years of life saving research in many lands is portrayed Dr. Eugene H. Payne.

He lives quietly at Bonita Springs with his wife and works on his memoirs.

He looks back on at least three careers. The most recent as medical director of Sunland Training Center for the mentally retarded at Marianna. He retired from his post last fall.

Born in Kansas, he graduated from the University of Missouri and the Marquette University Medical School, and for a time practiced and taught medicine.

In 1941 he joined Park-Davis & Company, a Detroit pharmaceutical manufacturer as an investigator and began traveling over the world testing new drugs against some of the oldest and most deadly maladies.

With time out for similar missions for the Foreign Economic Administration during World War II, he continued his work for more than a quarter of a century. Just how exciting it was is recalled by the February Reader's Digest.

A man known as Case 10 was dying of typhus fever. He was only one of hundreds stricken in Bolivia. A date certificate, complete except for the date, actually had been made up and arrangements made for the man's burial.

This was the situation when Dr. Payne arrived from the United States by plane to find a small supply of a new virus injected along with 21 others all near death. Forty minutes later the victim, who had been in a coma for three days, opened his eyes and asked for a drink of water. All 22 of these receiving the new drug were saved.

It was the first use on humans of Chloromphenicol, a new antibiotic, developed and synthesized at a cost of several million dollars. Since then it has been found effective against more than 100 diseases, for some of which no remedy has previously been known and was the first of the new "broad spectrum" antibiotics.

After his success in treating patients at LaPaz, having only enough of the drug for 22 people, he returned to the United States for additional supplies and returning to Bolivia to end the epidemic.

Further tests revealed that the new drug also cured Carrion's Disease, a mysterious southern malady that had killed travelers in the Andes since the time of Pizarro. Dr. Payne used it to end an epidemic of whooping cough, and the Order of Condor, was conferred on him by the Bolivian Government, its highest civilian decoration.

Dr. Payne has many other

amazing and rewarding experiences in his world travels and medical research. In his next column I will tell you more about this remarkable man and his discovery of the mysterious illness of immaturity where heart disease, cancer, malaria, hookworm, tooth decay and mental illness has been unknown for centuries.

Lanham Attends Management Institute

Gil Lanham, assistant general manager and branch office manager of Farmers Production Credit Association, has just returned from Jacksonville, where he attended an institute on Advanced Management Concepts, according to Chas. B. Long, Jr., general manager.

"Credit is a vital part of every progressive farmer's production and capitalization improvement program," Long said, and the institute was conducted to keep production credit association personnel abreast of latest developments in modern management concepts.

The institute was conducted by the Federal Intermediate Credit Bank of Columbia in cooperation with Gus W. Campbell, management consultant, of New York.

Subjects presented were Principles of a P.A. Management Analysis, Planning for Productivity, Problem Solving and Decision Making, Farm Management Analysis and other topics.

The Farmers P.C.A. is a credit cooperative owned and operated by farmer-members and serves the complete credit needs of 529 farmers and their families in Dade, Broward, Collier, Indian River, Martin, Monroe, Okeechobee, Palm Beach and St. Lucie counties.

The home office is located in Miami with Branch offices in Belle Glade, Immokalee, Okeechobee and Vero Beach.

The association is one of 65 P.C.A.s operating in the Third Federal Reserve District, comprised of North Carolina, South Carolina, Georgia and Florida, which receives leadership, supervision and loan funds from the Credit Bank.

"During 1967, the association extended operating capital investment credit on an intermediate term basis in the amount of \$15,871,412.00 and concluded the year with \$17,937,899.00 of outstanding loans," Mr. Long said.

Letters to the Editor

Appreciation For The Teachers Who Have Stayed On The Job

Editor

Belle Glade Herald
Belle Glade, Fla.

I would personally like to take this time to thank the teachers in our schools in Belle Glade, for having the fortitude, and Christian attitude, in spite of extreme pressures, for staying on their jobs and honoring their contracts. I wish they could hear remarks of many students — it would make them proud. Those who stayed will probably agree with me. Webster would turn over in his grave if he could know the attention to the serious needs of the schools.

We look forward to the return of some of the teachers who have felt that they were doing the best thing for us by staying out of school as a means of calling the public's attention to the serious needs of the schools.

Gospel Team Continues Special Service Each Night

The Metchy-Johnson Gospel Team will bring to a close the Gospel Crusade at the Christian Missionary Alliance Church, 435 East Canal Street, N. Belle Glade.

Rev. John Shaw, pastor of the local congregation, cordially invites the public to attend the remaining services of the crusade. Tonight's service will feature the Sunday School. The Sunday School class with the largest attendance percentage wise, plus the largest number of visitors, will receive the oil painting as a gift for their Sunday School class. This is open to any Sunday School class in the community.

Friday night's service will be in the nature of old-fashion

right. The singing of old time hymns, the old-fashion prayer and praise services, plus old-time dress and lanterns will make this service unique and long to be remembered.

Sunday the Gospel team will have charge of the Sunday School hour and an object lesson will be presented. A six-foot candy bar will be given to the person having the largest number of visitors present.

At 2:30 Sunday afternoon, a sacred concert will be presented. Local talent will join the Gospel team in the presentation of the Sacred Music. Some of the twenty or twenty-five instruments the team has are: the vibraphone, cathedral chimes, two sets of cowbells, Cordovox, musical saw, saxophone, string bells, Pakistan bells, celestine, auto-harp, uke, lyre harp, musical discs, and what is believed to be the largest set of perfectly tuned glasses in the world. Over forty glasses are played under special lighting by the group. One of two sets of organ chimes, originally used by Ringling Brothers Circus, has been dedicated to this ministry and are both unique and beautiful.

The evangelist, Rev. L. M. Metchy will be speaking both morning and evening at the 11:00 a. m. and the 7:30 p. m. services. Special music will be presented by the team in all of the services. A.Y.F. services at 6:30 p. m. with the Gospel team in charge.

The church extends its usual invitation to all soloists, duets, trios, and quartets in the area to participate in these stages.

Celestial Quartet To Sing Mar. 16

The Celestial Quartet of Lakeland will be the featured singers at this month's Gospel Sing at the Belle Glade Church of God. These recording artists, as they sing under inspiration and soothing of God, will really bless your soul.

The service begins at 7:30 p. m. Saturday, March 16. The church extends its usual invitation to all soloists, duets, trios, and quartets in the area to participate in these stages.

The First Baptist Church, 17 N. W. Avenue B, Belle Glade invites the people of the community to attend a special concert Sunday afternoon, March 17 at 3:30 p. m. featuring the Musical Betts nationally known for their unusual music. The Betts play 500 leghorns, 32 cow bells, a musical saw, mirlimba, and many more interesting instruments. The Betts

"The Message of the Book of Job" will be the sermon subject Sunday at 11 a. m. of Rev. Leland Edmunds, minister at Everglades Presbyterian church corner 1008 N. Main St. and Ave. K. Nursery open during church services; Church School at 9:30 a. m., classes for all ages.

W.O.C. CIRCLES STUDIES MISSION OF THE CHURCH

Studies held at the March meetings of the Everglades Presbyterian W.O.C. Circles explored words and phrases used in the New Testament in connection with the mission of the Church in the world. Hostesses for the three Women of the Church groups which met were Mrs. L. L. Price, Mrs. Jack Whalen, and Mrs. J. T. Pickett, of Pahokee.

CIRCLE NO. 1
Circle No. 1, which met at 10:00 in the morning for the study, and luncheon which followed, were guests of Mrs. L. L. Price. They were presided over by Acting Chairman, Mrs. Richard Murray. Mrs. Murray heard reports from Circle officers, Mrs. E. F. Allen, and Mrs. Robert Roadman. As a project the group will continue to purchase new choir robes.

CIRCLE NO. 3
Mrs. James Fraser presided over the 8:00 P. M. meeting of Circle No. 3, which met at the home of Mrs. Jack Mathewson. A brief discussion of the W.O.C. emphasis, which continues through this month — Christian Witness at Home and Abroad — was presented by Mrs. Harold Brough. Mrs. Leland N. Edmunds moderated the evening's Bible Study, the last of a series of three studies in Christian Witness. Mrs. Edmunds drew up on her experiences as a Presbyterian Missionary in China in conducting the study. Those who attended were Mrs. Lester Towell, Mrs. T. W.

Mrs. John Dulany Speaks To Circle

Mrs. John Dulany presented the program of the Clara Maria Circle of W.O.C.s of Community Methodist Church, held at the home of Mrs. Tevis Hugely Tuesday a. m. at 10 o'clock.

The speaker gave an inspiring talk on "The Benefits of the Passion of the Lord Jesus Christ." During the business meeting with Mrs. George Farnall, chairman, presiding the Circle made plans to assist the Day Kindergarten School during their book sale in Jackson Hall March 19-20-21, from 8 a. m. to 8 p. m.

Announcements were made of the W.O.C.s. Annual meeting at the Christ Church in Ft. Lauderdale on March 14 and the W.O.C.s. Annual Conference in Miami April 16-17-18.

Two new members Mrs. C. C. Clark and Mrs. Allan Ponder, Jr. were welcomed to the society. Eight members were in attendance and a visitor, Mrs. J. A. Ponder, president of the W.O.C.s.

In addition to Youth Week, The Betts will have special children's services immediately after school March 18-22. All children ages 4 through 12 are invited.

CIRCLE NO. 4
Mrs. J. T. Pickett was hostess at her home in Pahokee to members of Circle No. 4 which met on Monday evening of the first week of March.

An opening devotional was given by Mrs. Mae Laffin, followed by the Bible Study from the Presbyterian Women's Work book, moderated by Mrs. C. L. Stuart.

A cabinet which the Circle has been working to purchase for the narthex of the Church has been delivered. Five will offerings from the Circle this month went toward that project.

Mrs. Leland N. Edmunds was a guest of the circle meeting, which also attended by Mrs. Urban Felsing, Mrs. Joe McIlwain, Mrs. Mac Pope, Mrs. Laffin, Mrs. Stuart, and Mrs. Pickett.

Mrs. Pickett served fresh coconut cake and coffee to her guests.

Pastors Plan Missionary Trip

Rev. and Mrs. W. M. Cobb, Jr., pastors of the Church of All Nations of South Bay, Florida will fly from Miami this week, to Guatemala City for the first stop of a Missionary trip, which will take them to Honduras and the Island of Utila off the Coast of Honduras.

The couple will be working among the Indians, going into some areas where the Gospel has never been preached. While

at Utila they will be guests of Rev. and Mrs. James W. Pender, pastors of the Church of God, who recently moved there from Labele, Fla. The pastors plan to return by March 31.

It is written, "man shall not live by bread alone, but by every word of God." In God's words, and in the principle of Christianity, there is strength and purpose for every man.

Men's Day Slated

DR. A. D. THORP

The men of New Bethel Baptist Church, under the past-
orship of Rev. O. D. Williams,
and Chairmanship of James L.
Monroe, will sponsor a Men's
Day, Sunday, March 17.

Dr. A. D. Thorp, Chairman
of the Palm Beach County
Board of Public Instruction will
be the guest speaker at 11:00
a. m. and at 3:00 p. m. there
will be a musical program fea-
turing the male choros from
P. Myers and the Glades Cor-
rectional Chorus. Mr. Roderick
Stevens, manager of Stevens
Funeral Home in West Palm
Beach will be at the 7:00
service.

The theme for the day will
be "The Destiny of Man —
Where is your Destiny."

Last year 82 per cent of all
commuters in the United
States traveled to and from
their jobs by private auto-
mobile.

President of The Week

With many other extra-curricular activities, Bill Phillips finds time to be an outstanding president for the Library Club and captain of the Band.

Bill was born in Scarborough, West Virginia and has lived here the last 10 years. He plans to enter the Career Academy of Dental Technology in the fall.

Library Club promoted school spirit during football season. They were responsible for the many unusual and eye-catching posters that were placed in our halls.

As captain of the band, Bill promoted good will by wearing football season. Bill plays the tuba in the Belle Glade High School Band.

A Win For The Girls

Monday, March 4, the Rams golf team hosted the Stuart and Boca Raton golf teams at the Belle Glade Country Club.

In the boys match, Boca Raton outplayed both Belle Glade and Stuart. Stuart placed second, with Belle Glade finishing third.

The Belle Glade girls team outscored Boca Raton 3-1 and tied Stuart 2-2.

Low scorer for the boys, was Tommy Altman with a 41 and for the girls was Angie Gressinger with a 53. Cliff Parker qualified for state with a 54.

THIS PAGE IS COMPLETELY WRITTEN AND COMPOSED BY BELLE GLADE HIGH SCHOOL STUDENTS.

Why America

By Jeannette Burnette
Why America, why so strong.
Do we as the people do so wrong?
How many wars were fought to be,
The strongest nation, strong and free.

In Vietnam across the ocean,
Our boys are fighting with devotion.
Why is it we here protest,
Don't we know it for the best?

The men who died, so brave,
No brave,
Will see no more our flag to wave.
But their lives weren't wasted here on earth,
As they died for the cause they held at birth.

One man for himself, to live and die,
His nation to defend with his life.
He fights for freedom, as he sees fit,
Our support he needs . . . every little bit.

So why America, why so strong
Can we as the people do so wrong?
We devote our lives to live, and we,
Yes, we thank our God who keeps us free.

There is no let up,
No release of the pressure.
Running to start,
Hating every minute of the race,
But unable to slow up.

Upright,
But afraid to let go of our hang-up.
This is the way it is—
This is our life.

Belle Glade Meets Boca Track Team

Belle Glade's track team traveled to Boca Raton Wednesday night to compete in a triangular meet with Boca and Jupiter.

Boca took the win with 126 points the Bobcats were followed by Jupiter and Belle Glade.

Mark Whittemore was leading scorer with 11 points. He placed 1st in the 220 yard dash, and 2nd in the 100 yard dash.

Belle Glade placed 3rd in the Sprint Relay (Ralph Gonzales, Tim Ervin, Charles Close, & Eddie McGlary).

Third place honors were held by Stephen Close, High Jump; Noel Samuels, Broad Jump; and Jorge Campa, 440 Yard Dash.

Belle Glade placed 3rd in the Sprint Relay (Ralph Gonzales, Tim Ervin, Charles Close, & Eddie McGlary).

Thursday at the home of the club advisor, Mrs. Margaret Earwood. After the initiation, a barbecue was held.

FUTURE TEACHERS OF AMERICA
Tuesday night the Future Teachers of America met to discuss their forthcoming activities.

On April 5, the club will hold a slave sale at the high school. Club members will be auctioned as "slaves" and must serve the reasonable orders of their "masters."

F.T.A. also plans to have a bake sale on March 23. The date to have their annual banquet was set for April 16.

AMATEUR ELECTRONICS
Members of the Amateur Electronics Club, under the direction of their supervisor, Mr. James Johnson, took a field trip to the Belle Glade Radio Station. The boys have been assembling projects such as radio transmitters and other electronic devices.

At a recent meeting, an amateur radio operator spoke to the boys. Club members are practicing the Morse code and studying to obtain their amateur radio license.

BAND
Tuesday, March 12, the Belle Glade High School Band attended a district contest for solos and ensembles. Soloists from the Belle Glade Band were Bill Phillips, Joyce Bradshaw, Kathleen Murphy, Kathryn Smith, and Jean Stevenson. Also featured were a Brass Sextet and a Clarinet Quartet. Karen Corbin was the accompanist for the soloists.

Baseball Season Begins

The 1968 baseball season has begun for the Rams. With six games behind them, they are anxiously fighting for a good position in the conference.

Their first three games were "close losers," probably due to the lack of practice. They played their first league game, March 5th, against Okechobee.

The team is coached by Mr. D. R. Horrell, a new teacher at Belle Glade High School this year. Playing four games of College Ball at Bowling Green State University, he came to Belle Glade with nine years coaching experience from Wauson High in Wauson, Ohio.

He has played 12 years of semi-pro ball. He remarked that the boys seem real enthusiastic this year, and with 25 boys on the team it is not hard to fill in position.

Returning letterman include Seniors Jorge Rodriguez and Terry Mann. These two boys received the Highest Batting Average Trophy and The Most Valuable Player Trophy, respectively, last year.

At the Spring Banquet. Other returning letterman are Juniors Bob Alderman, Gary Camplin, and Gary Remondino, who received the Most Improved Player Award last year.

Others expected to put on a good show are: Julie Perez, Andy Ballard, Ernie Sanchez, and Henry Rionda.

Scores of the early season games have been: Riviera 2, BG 1; Vero 9, BG 0; Palm Beach 2, BG 1; Okechobee 12, BG 7; BG 10, Jupiter 2.

The remaining schedule for the Rams:

Movie Review

Barbara Williams

Nominated for 7 academy awards, "The Graduate" is one of the outstanding motion pictures of the year.

In the starring role, Dustin Hoffman is magnificent in his portrayal of young Ben Braddock, a recent college graduate and track star.

Ben becomes involved with an older woman, Mrs. Robinson (Anne Bancroft). After several months Ben, because of pressure at home, begins dating Mrs. Robinson's daughter, Elaine, portrayed by Katherine Ross.

Ben falls in love with Elaine and follows her back to school where she goes after several turbulent scenes, the movie has a very unexpected ending.

This movie is filled with unusual photography and dialogue. The music is written and sung by the folk-rock pair Simon and Garfunkel.

All in all "The Graduate" is an excellent movie and one which shouldn't be missed.

Never The Two Shall Meet
Where love is love and war is war . . . ? Nothing lies between. Live . . . die . . . there are no more words to identify with life? So, little child . . . I know you are there; mine's a time to see, yours a time to be. Where do we go? What is left . . . death?

First comes the war . . . a bomb drops time lapse . . . for who's to count the dying minutes?

LIBRARY CLUB
Library Club met last week to plan its events through May. On March 16 the club will have a "pizza party" for its members. Other activities planned are a rummage sale and the club's annual cookout to be held at Rardin Park.

DOT CLUB
The D.C.T. club has many activities. On March 26 there's the D.C.T. employee banquet. It will be held at the Belle Glade Country Club and entertainment will be provided by the Florida Bible College located in Miami.

Coming soon afterwards, is the C.E.E. leadership conference. (Cooperative Education Clubs of Florida) It will be held at the Biltmore Hotel in Palm Beach, from March 28 through the 31st.

Shirley, a Belle Glade Senior, is Governor of District VIII and will be running for state president of C. E. F. It is estimated that about one thousand delegates from all over the state will be in attendance.

At a recent meeting, an amateur radio operator spoke to the boys. Club members are practicing the Morse code and studying to obtain their amateur radio license.

BIG MOUTH

Is it true you stepped on your hand and hurt it, Eddie Prevatt?

Do the boys in Cost. History give you a bad time, Margaret Cross?

Do you feel better now Pam W. Or do you still need Margaret T. to hold your hand in the doctor's office?

Will B. we hear your number has changed?

Hey Susan H. want to go fishing any time soon?

Carolyn W. is it true you have the instincts of a vampire, or is it all an act?

How's play practice? Just what are all the characters playing for that night? Could it be a little surprise for Mr. Mayberry?

Remember when we used to have dances with bands? Gene W. hear that was a mighty big boy you caught?

We hear there is a new member in the Tuklos household, congratulations!

What were you doing in the boy's locker room Estella and Pam M.?

Who were you running from, Pam?

Only Three months of school left Seniors! Wonder if those slow Junior's have decided in the sewing of the nineteenth century costumes that are used in the play.

The price of adult tickets is \$1.00 with student tickets 50c.

Seven Days Til Opening Curtain

Much work and many hours of rehearsals are going into the preparation for the senior play, "The Miracle Worker," which is to be presented in the gym on March 21st and 22nd.

Starring in the play which is directed by Speech Teacher John Mayberry with the assistance of Student Director Jean Jackson are: Patty Stevenson who plays the part of Anne Sullivan, Mary Helen Fontaine who portrays Helen Keller, Jo, husny Williams who plays her brother Jim, Dick Hooker as the father of Helen and Jim, Captain Arthur Keller, and Janet Wolf who plays his wife, Kate.

Richard McMillan, with the help of Jim Baker, is preparing many changes in the lighting system. For the first time a dinner system will be used for the senior play. Many colorful stage lights in red, green, yellow, and blue tones have been added.

The set was constructed under the leadership of Queen Wilson.

Many parents have aided in the set construction and the set-up of the lighting system. Many of the mothers have helped in the sewing of the nineteenth century costumes that are used in the play.

The price of adult tickets is \$1.00 with student tickets 50c.

During the third week in March all candidates desiring to run for an office of the student council or position of campus royalty must file a "Declaration of Intent To Run Form" with the sponsor of the council, Mr. J. Allen, in Room 204 or with the President of the Council.

The following student council officers will be elected: President, Vice-President, Secretary, and Treasurer. The following campus royalty will be elected: Miss Lake Shore Junior-Senior High, Miss Junior-Senior High, Miss Sophomore, and Miss Freshman.

Election is that time of year when all ears and eyes are eagerly awaiting the people who will seek of office in the student council or position of campus royalty. It is also a time of mixed emotions. The prospective candidates are filled with excitement and anticipation while the present officers and royalty are beginning to breathe a sigh of sadness, relief but yet regret. Helen Ray realizes that with election this year she will have to take her place among the other beautiful FORMER Miss Lake Shore Junior-Senior High, while Curtis Pierce is wondering and to some degree worrying if the next student council will be better than the present student council has been under his administration. For Helen and Curtis most of all it is a "bitter pill to swallow" but all great and wonderful things must end.

Helpful Hints

Q. My Lips are very dry and they crack and chag very easily. What can I do to prevent this?

A. Cold, wind and hot sun will quickly dry out your lips. Wearing your lips only adds to the dryness as the moisture evaporates almost immediately. Since there are no lubricating oil glands for the lips, it is necessary for you to lubricate them when they are excessively dry. Apply petroleum jelly, a lubricating cream, or a colorless lipstick for chapped lips as often as necessary, avoid nosebleeds and lipsticks since they aren't as oily as other types. The oilier types help alleviate and prevent dryness.

Q. I pick at my cuticles without realizing it, and they look terrible. How can I get rid of hangnails and make my cuticles look smooth?

A. You probably "worry" your cuticles because you are worried. Try to find the source of your worry and eliminate it. Also, start concentrating on leaving your hands alone. Wear gloves whenever possible, even at night if your problem is severe.

Also keep your fingers as free of hangnails as possible. To smooth your cuticles, soak your fingertips in a bowl of warm, soapy water for about half a minute. Then wrap an orange stick in a very small piece of cotton, moisten with cuticle remover, and push back the cuticle very gently, working around the base and sides of the nail. With a fresh piece of cotton, wipe away the loosened cuticle. Slip off any hangnails with cuticle scissors — never bite them.

GUESS WHO!!

Ta-Ta little thing! Who might you be? A couple of students had this to say about you. "It looks like Betty Eping. Hey! That looks like a boy! I know. If it's a boy, it's Jerry Ford." C.T.

"It favors Beverly Walker."

J.F. "Betty Eping. She still has those two knots up there." J.A. "I don't know her do I. Give me a hint." J.A. "Is that Mary Butts? A.J. "Good-to-nighty know! Who is that? It looks like a boy, Jerry Ford, is that you? O.F. "It looks like Willie Monroe to me." C.B.

Direct Questions

Are you doing your share as a student for Lake Shore High? This is a direct question which requires a direct answer. If you cannot answer it, your question, YOU are not doing your share. The share you have in Lake Shore is very prosperous.

If you can answer the following question proudly, Lake Shore High is honored to have you as one of its students: How many Student Council Meetings do you attend? Did your class contribute \$100 toward the Water Foundation Campaign? Are you inordinately into any of your teachers? Are you doing at least average work in your classes? Do you try to keep your CAMPUS CLEAN? Are you frequently in the dean's office?

If you answered the above questions satisfactorily you are doing your share, but to those of you who are still pondering for an answer, it is time for you to get on the ball and start off!

Will The United States Follow The Way Of Rome?

One of the most widely read books of all time is "The Decline and Fall of the Roman Empire." Written in 1788 by Edward Gibbon it sets forth the basic reasons why that great civilization withered and died. These were:

- The undermining of the dignity and sanctity of the home, which is the basis for human society.
- Higher and higher taxes; the spending of public money for free bread and circuses for the populace.
- The mad craze for pleasure; sports becoming every year more exciting, more brutal, more immoral.
- The building of great armaments when the real enemy was within—the decay of individual responsibility.
- The decay of religion; faith fading into mere form, losing touch with life, losing power to guide the people.
- The oft-heard warning that "history repeats itself" has an

ominous meaning in the light of the above.

The average age of the world's great civilization has been 200 years. These nations progressed through this sequence:

- From Bondage to Spiritual Faith
 - From Spiritual Faith to Great Courage
 - From Courage to Liberty
 - From Liberty to Abundance
 - From Abundance to Selfishness
 - From Selfishness to Complacency
 - From Complacency to Apathy
 - From Apathy to Dependence
 - From Dependence Back Again to Bondage
- In a few years the U.S. will be 200 years old. This cycle is not inevitable—it depends on you.

Boy Scout Camporee Set For Mar. 29-31

Planning for a Gulf Stream Council Boy Scout Camporee at Fish Eating Creek near Moore Haven on March 29, 30, 31, was the main agenda topic at the District Commissioners meeting held last week according to Ray Stewart, District Commissioner.

This meeting of the adult District and Neighborhood Commissioners, held in the Palm Beach Post-Times Conference room, represented the area from Jupiter to Lake Worth. Scouting Commissioners are the liaison personnel between the Council level and Club Packs, Scout Troops and Explorer Posts in scouting.

Other portions of the program included a review of the forthcoming Wood Badge Adult Scout training session scheduled for August near Tampa, following color slides shown by Al Butterfield on previous Woodbadge sessions.

Adult men interested in working in this area of scouting, please contact the Council Scout Office, telephone 844-0279.

DeMolay Week Proclaimed For March 17-24

Mike Foster, Master Counselor and Charles Close, Senior Counselor, stand as Mayor Lawrence Conwell signs the proclamation proclaiming March 17 through March 24 as International DeMolay Week.

Lake Okechobee Chapter, Order of DeMolay, today announced that it will join more than 2,500 other DeMolay chapters in local observances of International DeMolay Week, March 17-24.

The annual, week-long event celebrating the anniversary of the Order, is designed to acquaint the public through out the free world with the purposes and activities of the organization.

The theme selected for the 1968 observance is "Young Men on the Go." The DeMolays are planning events ranging from social activities to civic service projects to encourage the public through out the free world with the purposes and activities of the organization.

phatize the program. Robert Michael Foster, son of Mr. and Mrs. Robert Lee Foster and Master Counselor of the local chapter, said that the 1968 theme was chosen because "it is indicative of the growth and activities of Lake Okechobee Chapter."

He stated that in addition to providing worthwhile activities for a young man, "the Order builds character and leadership qualities."

The Chapter Advisor for the local chapter is Harvey H. Benton.

The Order of DeMolay was founded in 1919 by Frank S. Land and nine teenage youths in Kansas City, Missouri. Since that time, nearly three million young men between the ages of 14 and 21 have become DeMolays.

Famous Senior DeMolays include the late Walt Disney, Olympic decathlon champion Bob Mathias, newscasters Walter Cronkite and Paul Harvey.

Bob Cummings and TV star, John Edgar Hoover Director, Federal Bureau of Investigation.

During a similar tour in 1965, the five demonstrations attracted restaurant operators, architects, school board members, dietitians, hospital administrators, restaurant associations, culinary student groups from junior colleges, and many others.

The remodeled Caravan, now called "The Sunshine Kitchen Caravan," consists of a 48-foot truck and trailer with the truck section housing a 5-ton reverse-cycle electric air conditioner, water heater and the fresh water tank.

The trailer portion is 30' long, with a 16-foot section on one side that is hinged at the top to open from floor to ceiling, and form an awning.

Cooking Caravan To Be In Glades

A novel Commercial Electric Cooking Caravan will be in the Glades District area on March 19 and 20 at Kwik Check Parking Lot in Belle Glade and on March 21 and 22 at the A & P Parking Lot in Pahokee according to C. A. Chase, Florida Power & Light Company manager.

The newly designed Caravan is a "Mohammet and mountain" concept, which brings the latest in commercial electric cooking equipment—hooked up and ready for live demonstration—directly to operators, planners, designers and directors of food service establishments.

During a similar tour in 1965, the five demonstrations attracted restaurant operators, architects, school board members, dietitians, hospital administrators, restaurant associations, culinary student groups from junior colleges, and many others.

The remodeled Caravan, now called "The Sunshine Kitchen Caravan," consists of a 48-foot truck and trailer with the truck section housing a 5-ton reverse-cycle electric air conditioner, water heater and the fresh water tank.

The trailer portion is 30' long, with a 16-foot section on one side that is hinged at the top to open from floor to ceiling, and form an awning.

This enables a large group to sit outside the trailer, under the awning, while watching a demonstration.

All pieces of electric equipment in the trailer are of very latest design and installed in an arrangement typical of a complete food service operation. This includes the necessary sanitation and dishwashing facilities, hoods and ventilating equipment—all permitting "live" demonstration of any or all equipment.

Space within the trailer is adequate for a closer inspection of actual personal use of ovens, grills, hotplates, etc. FPL sales members who conduct the demonstrations have recently completed a period of training in the latest techniques of commercial electric cooking. This school was conducted by the Executive Chef of one of the nation's largest manufacturers of commercial electric equipment.

"Invitations have been issued to many in this area who are interested in this type of operation," Chase stated. "If we have missed anyone, a call to my office is all that is necessary for an invitation to attend a demonstration."

Girl Scouts Accept Their Challenge

Girl Scouts of America celebrated 56 years of service this Tuesday, March 12, since the founding of the organization in 1912, with 12 girls by Juliette Low in Savannah, Georgia.

"The Challenge of the Children" is presented here as the challenge that the scout leaders can meet and the question has been asked, "Can you also meet this challenge?"

THE CHALLENGE OF THE CHILDREN We are the present . . . and the future too! Remember, when we turn our eyes to you to point the way.

That we must learn to walk these paths ourselves against the day When you no longer lead us by the hand.

Teach us the meaning of the code we need. For, soon, there will be those Whom we must lead. In ways which you have shown. And, having taught us, Show us you are not afraid for us to walk alone.

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

The present is in your strong

Teach us to love the beauty of our land. But help us too . . . to reach for stars! To gather to ourselves the dream.

That beckoned once to you. Teach us those things that we must know To make your dream . . . our dream come true!

TO THE CITIZENS OF THE CITY OF BELLE GLADE:

We present to you this fourth annual report to again enlighten you as to the operation of our City.

Each year, it becomes more difficult to render the services which the citizens of Belle Glade require. There are many reasons for these difficulties, but basically the principal reason is the rising cost in labor and materials. Every effort is expended to give the best services possible for the least cost.

Recent decisions of both Federal and State Courts increase law enforcement cost almost daily. Protection from the criminal and his prosecution in the Courts continue to be the City's largest expense and will continue if the peace and tranquillity of community is to be preserved.

Much has been accomplished in the past years to make Belle Glade a good place to live and raise a family. The sugar cane, produce and cattle industries have placed the name of Belle Glade in prominence. The City had to keep pace that you, the citizens of this City, the beneficiaries of these industries directly, or indirectly, be supplied the services that you desire. The growth of the City must continue. Improvements must be worked for each day.

There is much yet to be desired but with your patience, all will come. Careful study of this report will convey to you the financial condition and accomplishment of the many departments. It is hoped that it will reflect the conscientious services of the employees and their high morale in the satisfaction of a job well done.

You, the voters, are to be congratulated on your selection of our City Commissioners. Their unselfish, conscientious and diligent efforts have provided the leadership that has kept Belle Glade growing. We can be proud to say, "I Am From Belle Glade."

Respectfully submitted,

TAX COLLECTOR

The Tax Roll is prepared between January first and April first. All applications for exemptions and tax returns must be made by April first. Any taxpayer who desires to discuss his valuation should contact the assessor before April first. The tax roll values are compiled by July first and presented to the City Commission, which gives notice to the public 15 days before it meets as a Board of Equalization at the first regular Commission meeting in August.

Taxes are due and payable November 1st with discounts through February, they are net during the month of March. Delinquent taxes are sold the first Monday in August each year.

Every person who is a legal resident of Florida and who resides in his home and makes it his permanent home to the exclusion of all other places is entitled to a homestead exemption up to an assessed value of \$5,000.00. If the home is assessed over \$5,000.00 the owner pays on that part of the value which exceed \$5,000.00.

To be eligible for Homestead Exemption a contract for purchase or for deed of property must be recorded in the County Clerk's Office prior to January 1st. Application for exemption must be made to the County Assessor by April 1st of each year.

Occupational License are due January 1st. A half year license may be purchased after July 1st by anyone starting a new business. An Occupational license is required by each and every business, profession and occupation engaged in or carried on either wholly or in part within the City Limits of the City of Belle Glade.

Our Beautiful New Library . . .

MRS. BETTIE W. HARRIS
Librarian

Well equipped and well manned libraries go beyond everyday practical needs and contain the inherited wit, wisdom, humor, life, and cream of all the jests of centuries which man has left as a record of what he's thought and done. The greatest reason for reading books and valuing libraries is to have life more abundantly, to think justly, and to live more in harmony with each other.

HUMANE SHELTER

The City of Belle Glade can boast one of the most modern humane shelters in the state of Florida, having facilities to house many stray dogs in a sanitary and healthy environment. The shelter is overseen by James (Toby) Shiver, City Game Warden.

The Belle Glade Country Club

This beautiful facility with its excellent 9 hole course is operated by the City of Belle Glade. The club house offers both a dining room and lounge, plus locker rooms and a pro shop. Golf carts are available as well as pull carts at a modest rental. A professional is available to give instruction to those who desire it and he also sees that the course is maintained in excellent playing condition.

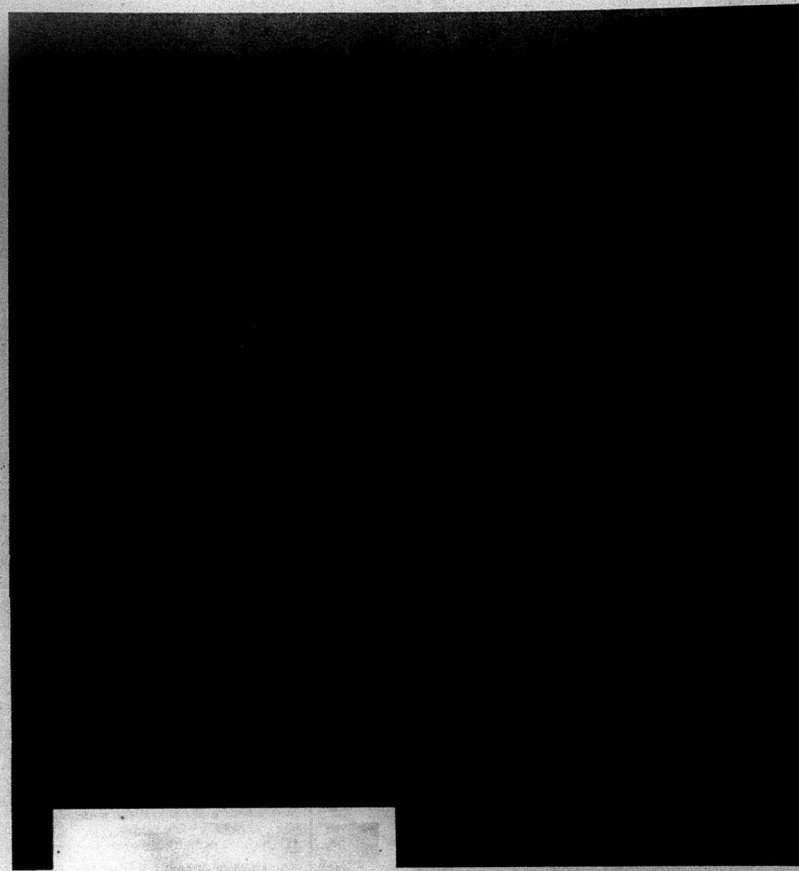

New Construction

One of the most beneficial projects completed in 1966 was the opening of the 8th Ave., bridge from SR 80 over the Hillsboro Canal to East Canal St. N. at the intersection of SR 80 and East Avenue E. For years the Main Street bridge over the Hillsboro Canal was the only crossing in the city. Within the heavy growth span of the past few years, the SR 715 bridge at Chosen, the second street bridge and the bridge at 5th street have been built at intervals, greatly relieving traffic congestion. The approximate cost of the new structure was \$34,000.

TRAFFIC CONTROL

1. Installed 50 new parking meters.
2. Used 700 gallons of street marking paint, marking parking spaces, center lines, etc.
3. Installed 64 street marker signs.
4. Installed and replaced 129 traffic signs.
5. Repaired 98 traffic signs that were destroyed or vandalized by unknown persons.
6. Traffic control light installed at S.E. Ave. E and E. Canal St.
7. Traffic control lights installed at S.W. 4th. St. and W. Ave. A.
8. Caution light installed S.E. Ave. G and 3rd. St.
9. Traffic control lights installed at W. Canal St. No. & N.W. 16th. St. and W. Canal St. So. and N.W. 16th. St.
